

PODSZUCK GmbH

Steel Doors – Fire Doors – Ship Doors

Podszuck is since more than 25 years one of the leading manufacturers of ship doors in the world. The product range includes single and double leaf A-60 hinged and sliding fire doors, single and double leaf A-60 hinged and sliding lightweight fire doors, A-60 double leaf vertical sliding fire doors, single leaf A-30, B-30 and H-120 hinged fire doors, spray-weathertight doors, weathertight wheelhouse sliding doors, gastight doors, galley sliding doors, lift doors and C-class fire doors.

We also produce special doors like aluminium and stainless steel doors on a very high quality level for internal and external use. The doors can be equipped with options such as hose ports, windows, internal door closers, concealed hinges, ventilation grills and sealings.

General tests for the development of the doors are made in scientific laboratories in Kiel. The quality system, in accordance with DIN EN ISO 9001 : 2000, is issued by SBG Germany. The fire doors are certified by GL, USCG and other classification societies. The company, located in Kiel in the north of Germany, with its well trained and devoted engineering and production team, is able to provide excellent services to all clients. Customers are shipyards, ship owners, outfitter and designers all over the world. Podszuck delivers the doors in best quality for a lot of luxury / mega yachts, container vessels, RoRo Ferries, Passenger and Car Ferries. – www.podszuck.eu
